Windows Small Business Server 2003

A new server solution designed for businesses like yours. Increase productivity, protect vital information, and stay connected to your customers.

Would you like to improve the ways you and your employees share and manage important business information? Are you looking for an affordable solution that is easy to maintain, can keep your business running smoothly, and can help you take better care of your customers? All of this is possible with a new server running genuine Microsoft® Windows® Small Business Server 2003 software. A new server will allow you and your employees to:

- Store, find, and access information from a central location.
- Stay connected to your business from home or on the road.
- Have the peace of mind that vital data is protected and secure.
- Better communicate with your customers through your own company Web site and e-mail.
- Improve employee productivity with file and printer sharing.

Upgrade your business technology!

This 32-bit system features Dual AMD Opteron 242 1.6GHz Processors, 8GB 1600 ECC DDR RAM, 30GB Storage, 10x 10Gb, Dual Broadcom Gigabit Ethernet, and Microsoft® Windows® Small Business Server 2003 pre-installed. All for only \$3,299!
